studioTM ULTIMATE version 14

 Take control of your videos with professional strength editing tools

NEW! Pro video tools

 Pinnacle StudioTM Ultimate Version 14 includes professional caliber tools for complete control of your productions. Capture, edit and burn. The complete native HD solution. All new Pinnacle Montage theme based editing - designed by professional producers and artists - puts incredible creative power at your fingertips. Simply drag and drop your video clips and still images to preview your movie - and watch your content come alive.

Boris Graffiti - title & graphic animation

 The most innovative titling tools in the industry are now at your fingertips. Easily craft sophisticated title animations including type on text, text on a path, jitter and randomization. Create 3D text with bump maps and reflectors. An expansive Style Palette and the Boris Library Browser provide fast access to hundreds of preset effects and styles.

Magic Bullet Looks - Pro film styles

 Whatever the location, the look of your footage sets the mood. Now you can define the style of your video or film, regardless of on-set conditions, with powerful imaging tools. Choose from more than a hundred Look presets, all neatly organized into 10 categories, to help set the mood for everything from a wedding to a film festival winner.

proDAD VitaScene - lighting, glows & more

 Now you can achieve sophisticated effects and transitions that contribute greatly to the style and mood of your project: light rays, color matching, artistic film styles, and much more. Now it's easy to add those subtle details that give you professional looking results.
